

## Peer Review Check

Story:	B1 Refactor	Date:	29/3/20
Story Checklist:			
<ul style="list-style-type: none"> <li>- By clicking a button within the recipe information page, the XML presentation will load</li> <li>- The test ensures that the XML presentation is successfully retrieved and displayed</li> </ul>			
<div> <div> <input checked="" type="checkbox"/> Tests           <div>Hide completed items</div> <div>Delete</div> </div> <div> 100% <div></div> </div> <div> <input checked="" type="checkbox"/> Check that the correct information is displayed for meal presentation on the meal info page </div> <div> <input checked="" type="checkbox"/> Ensure that the button triggers the function to request XML presentation begin </div> <div>Add an item</div> </div>			
<div> <div> <input checked="" type="checkbox"/> Requirements           <div>Hide completed items</div> <div>Delete</div> </div> <div> 100% <div></div> </div> <div> <input checked="" type="checkbox"/> Within the meal information page there needs to be a button for the user to enter the cooking presentation for this meal </div> <div> <input checked="" type="checkbox"/> The client needs to send a request to the server for the presentation which will then be sent back to the client from the server </div> <div>Add an item</div> </div>			
Test Report Complete			N
Travis Builds Successfully			Y
Unit Tests Run locally			Y

Comments/Issues/Notes:	
<ul style="list-style-type: none"><li>- No issues with code</li><li>- No test report due to being a patch for another issue</li><li>- Application still builds and runs</li><li>- BUG (non fatal): Timer appears on first slide even if no timer is specified in the X Will not affect the building of the application so it can be merged without any issues. A GH issue will be opened to reflect this bug.</li><li>- <a href="https://github.com/SWEngGroup4/scranplan/pull/55">https://github.com/SWEngGroup4/scranplan/pull/55</a></li></ul>
