## Minutes

---

Agenda item: Item #1 Presenter: James Pearson

### Discussion:

Discuss the progress of the plan and current user stories being developed

### Conclusions:

james C - uploading recipes to the app is working, currently sorting out the graphics and looking into if pinching the size and shapes can work well. Looked into gold membership however to actually pay money it would be needed to be on the app store. so thinking of having a boolean variable that is time stamped to show for the demo.

nathan- can add adverts but not sure on the current design, should be okay to integrate into the recipe feed ect.

Louis- has been focusing on doing the testing and getting rid of bugs.

Becky- hasn't done any from last week due to other assignments/exams

Joe and Jun didn't manage to fix their problems, they are currently stuck so are asking for help from anybody that knows more about the code (LOuis)

James P Has made the reviews so you can only paste one and if you already have a review it will override that review.

Action items	Person responsible	Deadline
--------------	--------------------	----------

---

Agenda item: Item # 2 Presenter: James Pearson

### Discussion:

Discuss the HTML web tour of the app and the beginnings of the presentation

discussed changing the description away from the budget side to the social media side.

All the documents are currently on the site

Action items	Person responsible	Deadline
✓ If everyone can go through the website and check they are happy with it	All	Next week
✓ Missing photographs	Becky and James P	ASAP
✓		

---

**Agenda item:** Item #3 **Presenter:** James Clawley

**Discussion:**

Discuss the ability to delete recipes.

Discussed if the user should have the ability to delete the recipes they upload. The problem with that is if someone else is using the recipe within their meal planner deleting the recipe would mess up their plan.

**Conclusions:**

Decided that if the user chooses they can make their recipe anonymous. This way no one would know they had uploaded it but it wouldn't mess things up for other users.

**Agenda item:** Item #4 **Presenter:** James Pearson

**Discussion:**

Plan going forward

Becky- to finish the current user story and then move onto the presentation along with james P

Nathan- to finish his current work and then help louis on the social media side of the app

James C- looking into the gold membership

Jun/Joe- try to sort out their issues....If louis has time to help them along but he has a lot on this week.

**Conclusions:**

Action items	Person responsible	Deadline
✓ Keep eye on the plan and getting things done	ALL	ongoing
✓ We have money to spend so hours this week can go up	ALL	This week
✓
