Agenda item: plan progress

Presenter: James Pearson

Discussion:

Discuss the progress of the plan and current user stories being developed

Meal planner- James C has started meal planner however other user stories are more important for first iteration so to focus on other bits.

joe, nathan and james c to work on presentation only in Joe's opinion

C3 james P having testing issues- need to borrow james to work on testing and how recipes are pulled.

C20 aim finish today (24/02/20) having simulation issues

louis- A5,A3, Working on queries with james. if included all allergies nearly 2000 things. Thinking of limiting user allergies to one per person. redo data structure for checking allergies. Also waiting for jun to finish the search bar to then add filters and buttons. Functions of some user settings is written, including delete account and

joe- A11 big stories, retrieving data from firebase. privacy settings. user info public, object, single user private which is static single class from user screen for the current user. writing classes to ensure that when we grab data it is the correct data. private vs public data. No decision needs more time to discuss. and A4 which is similar and needs implemented will be done by today

C18 jun finished the search bar but stuck with search history which decided not to include.

Way things are progressing not too bad. progress onto meal planner.

Everyone to carrier on with their own work Becky-C5 (export on meal planner and adds to a shopping list)

Conclusions:

Focus on presentation rather than meal planner

All issues discussed should be able to solve by next week

Action items	Person responsible	Deadline
✓ focus on presentation side over meal planner currently	James C & everyone	ongoing
✓ Finish search bar so others can continue	Jun	ASAP
✓ Progress with programming	All	on going

Agenda item: Contract talks **Presenter:** Louis Newman

Discussion:

Show group draft of Contract and get feedback for anything to be added.

The first draft of the contract is written up. decided to buy sounds and graphics and sell video and text. prices have been agreed with the other group
needs to be agreed and signed.

contract is on drive, all to have a look and write up other bits if needed.

Conclusions:

First look everyone happy with contract

Action items	Person responsible	Deadline
✓ Contracts need to be signed and agreed	James P& louis	26/02/20
✓ Group to read over contracts and suggest changes	Everyone	Before signing
✓		

Agenda item: Design **Presenter:** James Pearson

Discussion:

Look through wireframe designs and give feedback

recipe profile- james P and joe both design wireframes. joes design also shows the premium design and adaptations. agreed to moving on chef stars away from recipe as looks like recipe rating

Tab system won the vote from james. but Joes design. can incorporate the two

profile- personal profile. segmented display for filters. private-username public- to decide do check boxes on what they can see or not as easier to implement

presentation- use graphics. timer- with markers that follow the steps. louis- "needs to be accessible for all graphics and compatibility" all agreed that looks good.

meal planner- All agreed on the design. Plus button takes you back to the home screen-included a search bar. talk more design on thursday as don't want to rush things.

Conclusions:

Designs discussed and agreed on the overall opinion

Action items**Person responsible****Deadline**

- ✓ Wire frame design with new features
- ✓
