02/27/2020	Attempted to help Jun get up and running with the C18, he didn't have android studio fully set up, not did he have Github. He was very behind with the programming and was not capable of running with the story. After talking to the group leader it was decided to take him off such a complicated user story as it clearly would not get done properly. Jun was then given a smaller user story that would be more suitable for someone starting out with java and android for the first time. #### Project Leader Notes:

Need to add an extra 45mins to total time as Joe hasn't included his meeting hours. 15mins are to be removed from Jun's meeting time as it was a 45 minute meeting not an hour.
