Please bring:

Minutes

Agenda item: Item #1   **Presenter:**   James Pearson

Discussion:

Discuss the progress of the plan and current user stories being developed

Finance update- Last week over hours quite significantly but still okay finance wise. Have some spare money

James C work of the graphics handler. He has gone through the package and reprogrammed for our work. combined the files into one shape file. Also has made a line and triangle just needs to do the shading aspect then he is done.

Louis social work- He has written a timeline that shows all the posts and updates from people you are following. Some issues were faced that took a lot of time. Decided to use maps rather than arrays. looking into saving posts with the addition of recipe and reviews. Has also decided that there will be a feed with people's posts that the user is following and a timeline with the individual users' posts.

Joe got the pictures on the profiles. and is currently redoing some privacy tabs. Joe is also adding instagram public/private type of thing.

Jun currently working on code for having filters to separate breakfast, lunch and tea. Going to just boolean variables in the firebase on each recipe.

Becky finished adding ingredients to the shopping list. now working on adding numbers together and the ability to remove them.

James C is working on finishing the presentation and then moving on to the user having the ability to create recipes.

Nathan has stopped work on Api as tesco have shut it down due to covid19

Conclusions:

work continuing some items discussed issues but made decisions and for people to carry on.

Action items	**Person responsible**	**Deadline**
✔ All to continue with work	ALL	ongoing

Agenda item: Item # 2   **Presenter:** Joe Butler

Discussion:

Issues to be presented by Joe (Written by James C)

RecipeInfo:

       - Allergy icon padding

       - Reheat info content holder shown with no content outside of meal planner

Queries:

       - Ingredient queries can only have specific

       - Name queries doesn't function

Layout:

       - Search options layout doesn't work on older devices

Meal planner:

       - Make recipe fragment on search obvious

Recipe images:

       - Create custom class extending Button to handle overlays on recipe images

First time users:

       - Create overlays on login, meal planner and presentation for first time users

Conclusions:

some issues have crept up on master branch. Nothing too serious and should be sorted

Action items	Person responsible	Deadline
✔ designate notes to people	Joe	Ongoing
✔		
✔		

Agenda item: Item #3   **Presenter:** James Pearson

Discussion:

Louis screen update and development

Joe suggestions- Like and comment buttons to be turned to icons also to reduce space at the top for the posts to reduce waste space.

group discussion and decided to keep individual likes for the posts.

Conclusions:

Action items	Person responsible	Deadline
✔ Continue working on social side	Louis	ongoing
✔ Make some design choice	Joe	Ongoing
✔
